+44 7459080135 | donaann84@gmail.com | 182 Cutenhoe Road, Luton, LU1 3NJ, UK

SUMMARY

MSc Data Science graduate with a solid foundation in data analysis, machine learning, and software development. Proficient in Python, SQL, and Java, with hands-on experience building predictive models and developing web and mobile applications. Seeking entry-level opportunities in Data Analytics, Software Development, or IT Support.

TECHNICAL SKILLS

Programming Languages: Python, Java, C
Data Analysis: Pandas, NumPy, Microsoft Excel
Machine Learning: Logistic Regression, Random Forest, SVM, Neural Networks
ML Tools & Techniques: GridSearchCV, Feature Engineering, Data Imputation
Databases: SQL
Professional Skills: Problem-Solving, Debugging, Analytical Thinking, Communication, Teamwork, Time Management, Adaptability, Critical Thinking, Attention to Detail

EDUCATION

University of Hertfordshire <i>MSc Data Science</i>	Hatfield, UK 2024 – 2025
MG University <i>Bachelor of Computer Applications (BCA)</i>	Kerala, India 2021 – 2024

PROJECTS

Calorie Burn Prediction Using Machine Learning <i>Python, ML</i>	2025
- Built classification models to predict calorie burn levels using fitness activity data. - Implemented and compared Logistic Regression, Random Forest, SVM, and Neural Network algorithms. - Applied feature engineering (e.g., Heart Rate Range) and data imputation to handle class imbalance. - Achieved best performance with Balanced Random Forest (~56% accuracy).	
Student Support System (Web & Mobile Application) <i>Web & Mobile Development</i>	2024
- Designed and developed a dual-platform system (website and mobile app) for hostel students. - Enabled features for permission requests, issue reporting, and real-time communication between students, management, and parents.	

WORK EXPERIENCE

Kitchen Assistant <i>Hospitality</i>	Stevenage, UK 2025
- Assisted with food preparation and ensured adherence to kitchen hygiene protocols. - Collaborated effectively within fast-paced, team-oriented kitchen environments.	
Housekeeper <i>Domestic Services</i>	Stevenage, UK 2025
- Upheld cleanliness and hygiene standards in professional settings. - Demonstrated strong attention to detail and reliable time management.	
Warehouse Operative <i>Logistics</i>	Milton Keynes, UK 2024
- Managed sorting and packaging workflows in a high-paced logistics environment. - Maintained accuracy and efficiency standards across daily operational tasks.	
Care Assistant <i>Healthcare Support</i>	Bedford, UK 2024
- Supported patients with daily living activities and monitored their overall well-being. - Maintained accurate care records and liaised effectively with healthcare teams.
