PROFESSIONAL SUMMARY

MCA student and Linux power user with hands-on experience building and deploying Python and Django web applications. Proficient in managing databases, structuring backend logic, and automating workflows through shell scripting across the full development lifecycle. Comfortable with Git-based workflows, Docker containerization, and CI/CD pipelines; seeking a backend engineering internship to apply and deepen these skills in a production environment.

TECHNICAL SKILLS

Languages: Python, SQL, Shell Scripting, Java

Frameworks: Django, Flask

Databases: PostgreSQL, SQLite

DevOps & Tools: Docker, Git, GitHub Actions, CI/CD

Methodologies: Agile, Problem-Solving, Remote Collaboration

PROJECTS

Email Spam Detection | *Python, Django, Git*

- Built and deployed a full-stack spam detection system with a Django backend, integrating an ML classification model with web and Android frontends.
- Managed the complete backend lifecycle: model integration, view logic, request handling, and version-controlled deployment via Git.

System Resource Monitor | *Java Swing, PostgreSQL*

- Developed a real-time infrastructure monitoring application that tracks live CPU, memory, and disk I/O metrics with minimal overhead.
- Designed and implemented a PostgreSQL-backed logging system, persisting 100+ historical monitoring snapshots for trend analysis.

Image Web Pipeline | *Shell Scripting, Makefiles, CI/CD Automation*

- Architected an automation pipeline using Makefiles and shell scripting to process and optimize web assets, cutting manual build time significantly.
- Structured the pipeline to mirror CI/CD deployment workflows, automating build, test, and release stages.

EXPERIENCE

RLabz

December 2025 – Present

Web Developer

Ernakulam, Kerala

- Managed deployment and ongoing maintenance of the 11th International Conference website (icswhmh.com), supporting a global audience.
- Maintained 99.9% uptime by overseeing production hosting infrastructure and proactively resolving server-side issues.
- Coordinated cross-browser compatibility testing across 3+ major platforms to ensure consistent application behaviour.

Christuraj Hostel

January 2022 – March 2024

Website Administrator

Palai, Kerala

- Administered and redesigned the official website over a 2-year period, improving UI and content structure for better user engagement.
- Monitored site performance and implemented web accessibility standards, ensuring consistent uptime and standards compliance.

EDUCATION

Rajagiri College of Social Sciences

2025 – 2027

Master of Computer Applications (MCA)

Ernakulam, Kerala

St. Thomas College, Palai (Mahatma Gandhi University)

2021 – 2024

Bachelor of Computer Applications (BCA)

Palai, Kerala

Jawahar Navodaya Vidyalaya

2014 – 2021

12th CBSE (87%), 10th CBSE (89.6%)

Wayanad, Kerala
