CAREER OBJECTIVE

Motivated Computer Science graduate currently pursuing MCA, with strong foundations in programming, web development, and database management. Passionate about building scalable applications and continuously improving technical and problem-solving skills.

EDUCATION

B.Sc Computer Science, *College of Applied Science, Vadakkencherry (IHRD), Calicut University*
2025

- (2025 | CGPA: 8.6)*

MCA,
Rajagiri College of Social Sciences, Kalamassery
• (Pursuing)*

TECHNICAL SKILLS

Languages

Java, C, Python, PHP, JavaScript

Web Technologies

HTML, CSS, Django, Bootstrap

Tools & Platforms

Git, GitHub, Android Studio

Database

MySQL

Concepts

Object-Oriented Programming (OOP), Data Structures, Web Development, REST APIs, Database Management

INTERESTS

- HackerRank
- Debate
- Quiz
- Podcasts

PROJECTS

Online Examination System, *Java, MySQL*

Developed a role-based application with secure authentication and authorization, dynamic question bank, randomized MCQ exams with timer, and automated evaluation system with analytics dashboard.

Aashray – Volunteer Platform, *Django, MySQL*

Built a Django-based web application with role-based access control, REST-oriented architecture, and database integration to report and resolve real-world hunger and vulnerability cases.

NutriSplit – Android Application

Developed an Android application to track and analyze nutrition data, improving user health monitoring and awareness.

College Seat Availability & Booking System

Designed and developed a system for real-time seat availability tracking and booking with a user-friendly interface.

Asha Health System, *Java*

Developed a community inspection system with healthcare-focused features to improve local health monitoring.
