PROFESSIONAL SUMMARY

Motivated Computer Science graduate currently pursuing MCA, with strong foundations in programming, web development, and database management. Passionate about building scalable applications and continuously improving technical and problem-solving skills.

EDUCATION

Rajagiri College of Social Sciences, Kalamassery

Master of Computer Applications (MCA)

Pursuing

Kalamassery, Kerala

College of Applied Science, Vadakkencherry (IHRD), Calicut University

B.Sc. Computer Science

2025 | CGPA: 8.6

Vadakkencherry, Kerala

TECHNICAL SKILLS

Languages: Java, C, Python, PHP, JavaScript

Web Technologies: HTML, CSS, Django, Bootstrap

Tools & Platforms: Git, GitHub, Android Studio

Database: MySQL

Concepts: Object-Oriented Programming (OOP), Data Structures, Web Development, REST APIs, Database Management

PROJECTS

Online Examination System | *Java, MySQL*

- Developed a role-based application with secure authentication and authorization, dynamic question bank, randomized MCQ exams with timer, and automated evaluation system with analytics dashboard.

Aashray – Volunteer Platform | *Django, MySQL*

- Built a Django-based web application with role-based access control, REST-oriented architecture, and database integration to report and resolve real-world hunger and vulnerability cases.

NutriSplit – Android Application | *Android Studio, Java*

- Developed an Android application to track and analyze nutrition data, improving user health monitoring and awareness.

College Seat Availability & Booking System | *Web Application, React, Node.js*

- Designed and developed a system for real-time seat availability tracking and booking with a user-friendly interface.

Asha Health System | *Java*

- Developed a community inspection system with healthcare-focused features to improve local health monitoring.
